BOYS GLEE CLUB WINS SECOND

Mildred Andrews Wins First in Physics

Friday morning, April 28, the boys and girls glee clubs departed for Norman before old man Sun appeared on the horizon. "Hesperus" the school bus, was gunned for the Oklahoma University and made a record run being five hours and thirty minutes. Upon their arrival, the members of the glee clubs were informed that they would sing at four bells, so accordingly they were forced to find entertainment for the non-scheduled six hours. Most of this time as far as the boys were concerned (trace of the girls would be impossible) was spent in the Union Building where there are pool tables furnished for the college students.

The girls glee club sang in this same building at three o'clock.

When all was totaled it was discovered that only two places were secured. Mildred Andrews won first place in Physics, and for the award, C. H. S. will receive fourteen dollars worth of equipment for the laboratory. Also it seems that the boys glee club was a slight bit better than the girls, for while the girls were unable to place the boys took second. These two winnings, while not great in number, is a great honor for a school the size of C. H. S.

The good old school bus started back at five thirty and returned to Collinsville at about 11:30 P. M.

Certificate of Award
Mildred Andrews
is awarded this certificate as winner
